Sources: Administrative data from local Healthy Kids plans or CHI plan administrators, April 30, 2006

- (a) Source: 2003 California Health Interview Survey, UCLA Center for Health Policy Research, asterisk indicates data not statistically stable at 95% confidence
- (b) Projected number of Healthy Kids eligible children who will be on a CHI waitlist or would be reached and enrolled with local outreach and enrollment resources between July 1, 2006 and June 30, 2007.
- (c) Fresno County only places children on the waitlist who have siblings ages 0-5 enrolled in their Healthy Kids program.
- (d) Kern County enrollment for ages 0-5 and 0-18 are estimates, for ages 6-18 is actual. Coverage Gap estimate prepared by IHPS.
- (e) The Sierra Sacramento Valley Regional CHI, called 'Healthy Kids, Healthy Future,' consists of Colusa, El Dorado, Sacramento and Yuba Counties, and will begin enrolling children into a regional Healthy Kids program in Fall 2006.
- (f) Santa Barbara County had capped enrollment and implemented a waiting list as of May 1, however it was for administrative reasons and not due to funding constraints. That cap has since been lifted and waitlisted children enrolled. Gap coverage estimate prepared by IHPS.
